

Don't Make Excuses

for wearing a back-number Spring top coat. Two styles prevail. No. 1 is conservative in length, with soft adjustable roll, whole back, hanging nearly straight from the shoulders, without shaping to the body. No. 2 is ultra in length, with soft, adjustable roll, seam in back, with deep vent at the bottom, and slightly shaped to the form.

We carry full lines of both styles, made from newest foreign and home textures. Call and see them. We'll give you the benefit of our knowledge, and if you don't buy you will at least get posted.
